

Name: _____

Student Number: _____.

Introduction to English for Scientific Communication: Quiz 3
Tuesday 27th May (Can be finished at home: due 3rd June)

You are requested to plan a short essay (4 to 5 paragraphs) on a subtheme of the main theme 'Science and Ethics'.

Section 1: First we need to determine the theme for your short passage, as the main theme of 'Science and Ethics' is too large to write all the possible information in 4 to 5 paragraphs. Try to write down 8 or 9 ideas for the theme for you passage. Please discuss with the people next to you.

1) _____

2) _____

3) _____

4) _____

5) _____

6) _____

7) _____

8) _____

9) _____

Section 2: Choose the 3 ideas you want to write about and write them down in a logical order. Then choose the title of your work.

1) _____

2) _____

3) _____

Title: _____

Section 3: Now, think of some topic sentences you can use to explain your three ideas.

1) _____

2) _____

3) _____

4) _____

5) _____

6) _____

7) _____

8) _____

9) _____

Section 4: Now choose 4 or 5 of these ideas and put them in the order in which you will write them.

1) _____

2) _____

3) _____

4) _____

5) _____
